**SUNMATCH 2: RECHARGEABLE WORK LIGHT FOR
DETAILING AND COLOUR MATCH**

Part number: 03.5445

The SCANGRIP DETAILING range features a 2 COLOUR LIGHT function. This provides the option to choose between 2 colour temperatures depending on the type of job to be carried out. Typically, the WARM LIGHT (4500K) is useful for bright surfaces, and the COLD LIGHT (6500K) is ideal for dark coloured surfaces. A handheld rechargeable work light with excellent colour recognition properties. Easy to carry in the pocket or work belt using the built-in belt clip. Place the lamp anywhere needed during inspection work with the turnable sturdy hook or the strong built-in magnet.

The adjustable lamp head tilts up to 180 degrees. Durable construction, dust and waterproof, IP65. Supplied with a two-step operating option: Step 1 = 100%, step 2 = 50% light output. The SUNMATCH lamps are supplied with a Li-ion battery and intelligent battery indicator at the front: save battery and avoid risk of overheating with the intelligent built-in system. Lamp automatically switches off after three minutes of continuous use in high mode.

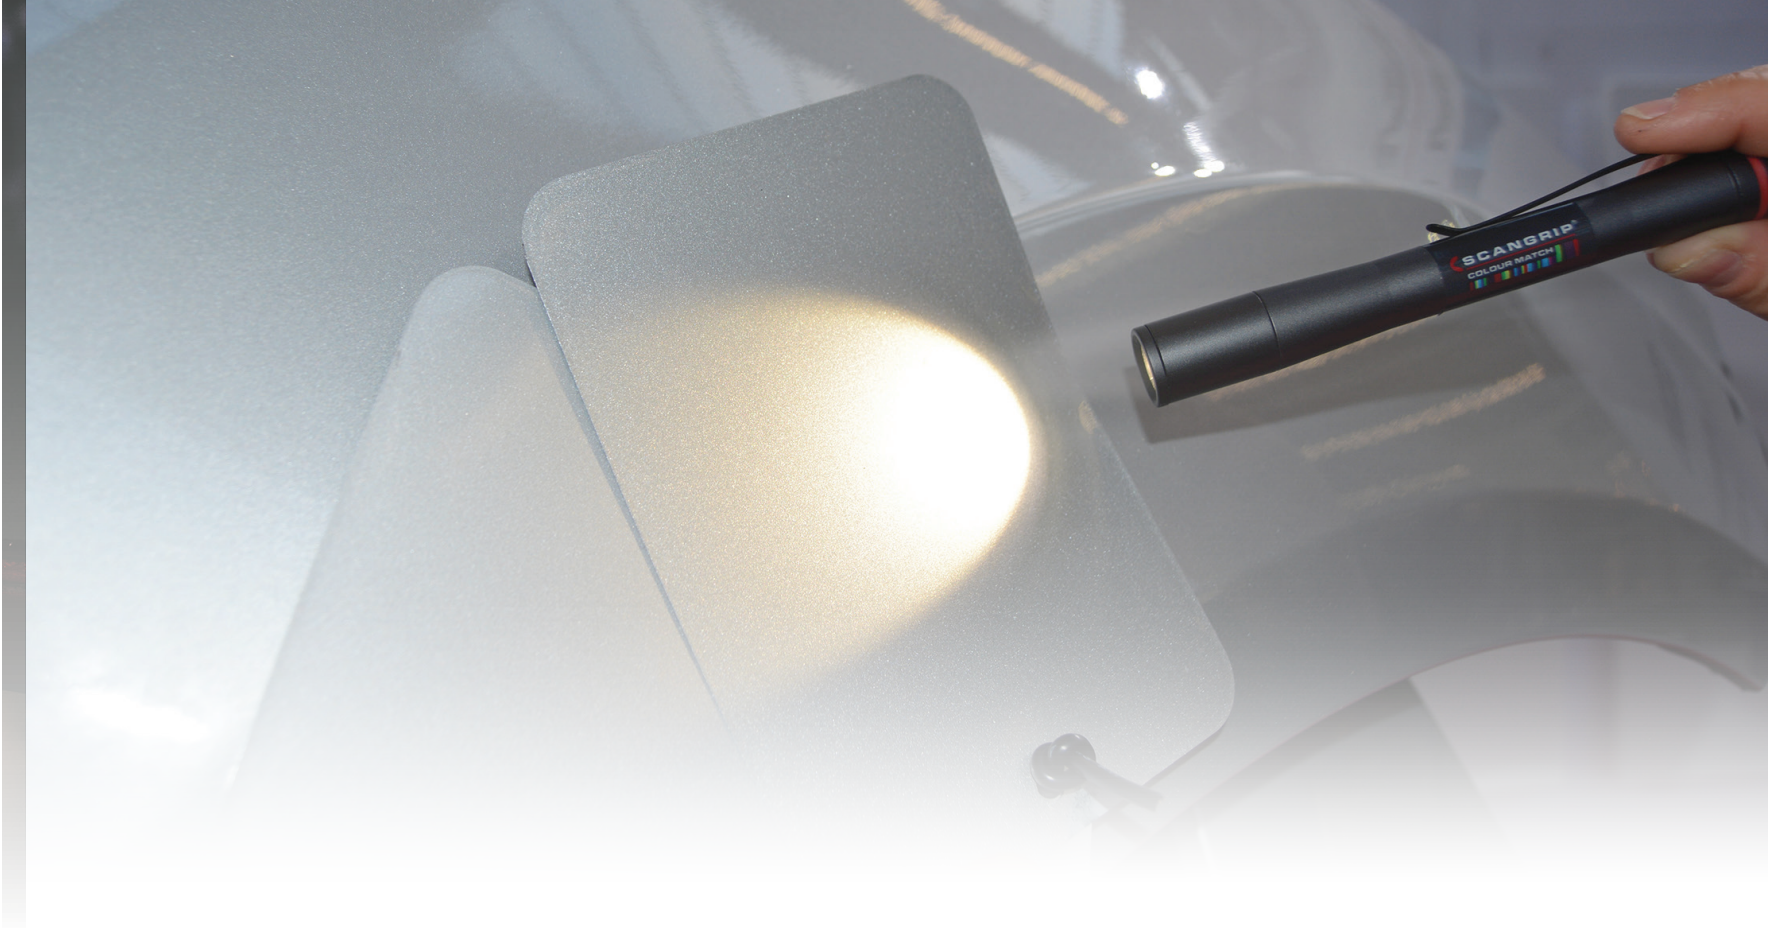

PRODUCT USAGE:

- For colour match
- For quality check between prep-zone operations
- As a general work light
- Adjustable up to 180 degrees

TECHNICAL SPECIFICATIONS:

- Ultra high CRI+ COB LED
- 96 CRI+
- 4500/6500 KELVIN
- 1300/650 lux @0.5m (step 1/step 2)
- 500/250 lumen (step 1/step 2)
- 2hr operating time
- 4hr charging time
- 3.7V/2600mAh Li-ion
- IP65

MATCHPEN: A PEN-SIZE DETAILING FLASHLIGHT
Part number: 03.5117

A small penlight, easy to carry and always at hand in the pocket. A powerful light output with excellent colour recognition properties. With focus function for a concentrated and focused light beam ranging from 10° to 70°. IP54 class. 2xAAA batteries are included.

PRODUCT USAGE:

| • Ultra high CRI LED |
| • 95 CRI |
| • 4000 KELVIN |
| • 300-4000 lux |
| • 100 lumen |
| • 10°-70° beam angle |
| • 2hr operating time |
| • 2 X AAA/1.5V Alkaline |
| • IP54 |

**D-MATCH 2: 5000 LUMEN WORK LIGHT FOR
DETAILING AND COLOUR MATCH**

Part number: 03.5448

The new D-MATCH 2 features a 2 COLOUR LIGHT function. This provides the option to choose between 2 colour temperatures depending on the type of job to be carried out. Typically, the WARM LIGHT (4500K) is useful for bright surfaces, and the COLD LIGHT (6500K) is ideal for dark coloured surfaces.

D-MATCH 2 is the strongest and most powerful detailing work light on the market, providing up to 5000 lumen. The new light dimmer function makes it possible to adjust the light to five different levels, 500-5000 lumen.

Supplied with 2 colour temperature options, cold and warm, and a solvent resistant glass lens. The body is made of diecast aluminium which makes it extremely sturdy and shockproof to endure even heavy strokes and shocks. It is also dust and waterproof, IP67.

With the newly integrated carrying handle, it is convenient to carry the lamp by hand. The adjustable stand can be used as a hanger or to position the lamp at the desired lighting angle. The stand is designed for direct mounting on the SCANGRIP TRIPOD and WHEEL STAND.

PRODUCT USAGE:

- | |
|---|
| • For colour match |
| • For inspection during polishing, painting and cleaning operations |
| • As a general work light |

TECHNICAL SPECIFICATIONS:

| • 95 CRI+ |
| • 4500/6500 KELVIN |
| • 8000 lux @0.5m |
| • 500-5000 lumen |
| • 5m cable |
| • 100-240V AC operating voltage |
| • 54W |
| • IK07 |
| • IP67 |

MULTIMATCH 2: RECHARGEABLE WORK LIGHT FOR DETAILING AND COLOUR MATCH

Part number: 03.5447

The new MULTIMATCH 2 features a 2 COLOUR LIGHT function. This provides the option to choose between 2 colour temperatures depending on the type of job to be carried out. Typically, the WARM LIGHT (4500K) is useful for bright surfaces, and the COLD LIGHT (6500K) is ideal for dark coloured surfaces.

Outstanding and powerful rechargeable work light for detailing, providing up to 2500 lumen. MULTIMATCH 2 is ideal for the inspection of large surfaces during polishing, painting and cleaning operations as well as for colour match.

The new 5-step dimmer function makes it possible to adjust the light to five different levels. The MULTIMATCH2 is also supplied with a user-friendly display showing both battery capacity and remaining operating time.

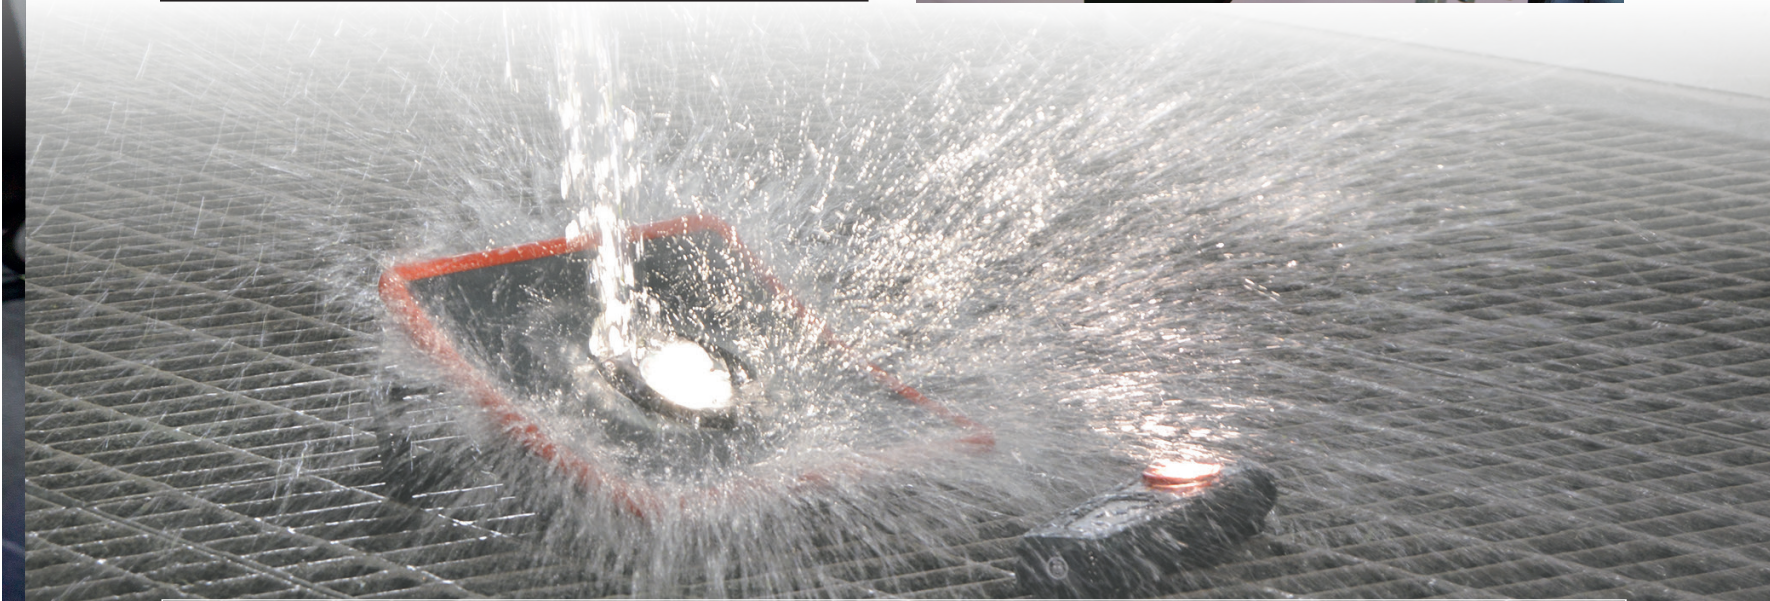

MULTIMATCH 2 is designed with DUAL SYSTEM which can be used either with cable connection or with battery without cable connection, depending on the worktask in question. This gives complete flexibility and unlimited application possibilities. With the newly integrated carrying handle, it is convenient to carry the lamp by hand. The adjustable stand can be used as a hanger or to position the lamp in the desired lighting angle. The stand is designed for direct mounting on the SCANGRIP TRIPOD and WHEEL STAND.

PRODUCT USAGE:

| • 250-2500 lumen |
| • 1-14hr operating time |
| • 2hr charging time |
| • 5m cable |
| • 11.1V/4400mAh Li-ion |
| • 100-240V AC operating voltage |
| • 26W |
| • IK07 |
| • IP67 |

**I-MATCH 2: SUPERIOR HEADLAMP FOR
DETAILING AND COLOUR MATCH**

Part number: 03.5446

The new I-MATCH 2 features a 2 COLOUR LIGHT function. This provides the option to choose between 2 colour temperatures depending on the type of job to be carried out. Typically, the WARM LIGHT (4500K) is useful for bright surfaces, and the COLD LIGHT (6500K) is ideal for dark coloured surfaces.

Supplied with the latest COB LED technology, the new rechargeable I-MATCH 2 provides an extremely powerful illumination which spreads the uniform light to the maximum, lighting the entire field of view. By waving your hand in front of the lamp, you switch on the light when needed. In sensor mode, the light can easily be switched on/off, even when wearing gloves.

I-MATCH 2 sets new standards for professional work lights and is supplied with the latest rechargeable battery technology, providing long operating times.

Supplied with 2 lumen output options, 50% or 100%. The robust and sleek I-MATCH 2 is both dust and waterproof (IP65) with a remarkably low weight of only 140g.

PRODUCT USAGE:

- For detailing and colour match
- Superior hands-free illumination and excellent colour recognition properties
- Lights the entire field of view

TECHNICAL SPECIFICATIONS:

- Ultra high CRI+ COB LED
- 96 CRI+
- 4500/6500 KELVIN
- 250/500 lux @0.5m (step 1/step 2)
- 80/160 lumen (step 1/step 2)
- 5h/2.5hr operating time
- 3.8V/1600mAh li-poly
- 3hr charging time
- IK07
- IP65

STAR: RECHARGEABLE WORK LIGHT AND FLOODLIGHT IN ONE

Part number: 03.5620

STAR is designed as the work light that does it all. The lamp is ergonomically designed to be used as a hand-held work light.

Despite its small size compared to other floodlights, Star is applicable for the illumination of larger work areas due to its extremely powerful light output. The handle is designed for direct mounting on the SCANGRIP TRIPOD.

Due to its adjustable handle, the STAR can stand in different positions to obtain the optimal lighting angle for a specific work task.

The handle also clicks into a in fixed position to serve as a hook for suspension. Using the powerful built-in magnet in the handle the STAR can be placed in versatile positions on any metallized surface.

PRODUCT USAGE:

• Extremely powerful illumination, up to 1000 lumen
• Rechargeable with up to 5hr operation time
• Waterproof IP65
• Ergonomic design for a comfortable, firm grip
• Durable housing made of shock-resistant plastic material
• Built-in power bank with USB outlet

TECHNICAL SPECIFICATIONS:

• COB/LED
• Step 1/2
• 500/1000 lumen
• 5hr/2.5hr operation time
• 6hr charging time
• 3.7V/5200 mAh Li-ion
• IP65

COLOUR MATCHING KIT

COLOUR MATCH KIT 2: 4 PIECE COLOUR MATCH KIT IN SUITCASE

Part number: 49.0142

SCANGRIP COLOUR MATCH products are perfect for paint, polish, cleaning or prep-zone operations, and are the only colour match work light range in the world. The long operating time of the COLOUR MATCH work lights makes it possible to complete a job without the time-consuming interruption of recharging. The MATCHPEN, SUNMATCH 2, MULTIMATCH 2 and I-MATCH 2 are dust and waterproof resistant, as well as resistant to demanding workshop environments. The SCANGRIP COLOUR MATCH KIT-2 contains all four professional products, delivered in a tailor-made suitcase.

CONTENTS OF KIT:

- | |
|--------------------|
| • 1 x Matchpen |
| • 1 x Sunmatch 2 |
| • 1 x Multimatch 2 |
| • 1 x I-Match 2 |

SCANGRIP WHEEL STAND

Part number: 03.5433

The Scangrip Wheel Stand is made for the mobile positioning of worklights in the detailing workshop - making it easy to move lights where needed while avoiding uncomfortable lifting from one area to another.

The work light is quick and easy to position on the Scangrip Wheel Stand, and once mounted, the light may be tilted to provide an optimum beam angle.

Once the job is complete, the stand can easily be wheeled aside. The Scangrip Wheel Stand is extendable, ranging from 2.4ft up to 6ft, giving flexibility to position the light as required. The low working height is particularly useful to provide illumination when working on the side of a car.

SCANGRIP TRIPOD

Part number: 03.5431

The Scangrip Tripod is designed to meet any work situation where flexible lumination is essential. Extendable from 1.35m to 3m, the tripod offers complete flexibility to position the work light at the required height and angle. The tripod is made of durable powder coated steel and a welded steel mounting cap (10mm thread) ensures durability of the universal tripod stand. When not in use the tripod is compact with a weight of only 6kg's.

SCANGRIP DUAL BRACKET

Part number: 03.5308

The Dual Bracket is made for positioning two lamps on the Scangrip Tripod and Scangrip Wheel Stand.
